

# WHAT IS THAT SMELL?

## JUST ANOTHER SHADY DEAL!

**BRIAN CAHILL**

Both of these men are trying to stage a coup of sorts.

Why did Cahill resign his seat on the MUA Board? So that Anderson could be voted in, to continue his benefit coverage that he is losing from the Town Council on December 31<sup>st</sup>.

What is that? A consolation prize for losing the primary? This is nonsense!

In his 4 years as Councilman, Jim Anderson has collected upwards of \$120,000 in healthcare and dental benefits. And now he wants more!

“Let’s Keep Old Bridge on Track” was the slogan Cahill and Anderson used in their bid for reelection! What track is that? Doing the same exact things that they supposedly opposed?

Brian Cahill is disreputable and incredulous! He lacks integrity and should not be allowed to go forward with an agenda that constitutes cronyism! Something HE claims to oppose!

**ALAN ROSENCRANZ**

Alan Rosencranz has also proposed that Anderson should be voted to the MUA Board. Why? So that Anderson can continue to receive healthcare and dental benefits? Really?

This should be of no surprise. Rosencranz openly admitted at the May 18<sup>th</sup> 2015, Town Council Meeting that he dropped his benefits from Bank of America to take benefits from the Township, bilking the tax payers for the cost. What’s good for Alan must be good for Jim.

Both Cahill and Rosencranz want to force a vote on December 14<sup>th</sup> to put Anderson on the MUA Board, a stunt that would be unprecedented and unnecessary!

The Township has advertised that it is accepting resumes for the MUA Board position. To vote Anderson in before the resume deadline would beg a law suit. Another unwarranted expense for the tax payer.

Is this what he considers looking out for the best interest of the residents?
